COMPUTER PROGRAMMER

The Division of Information Technology for the Office of State Courts Administrator has an immediate need for programmers in application development and administration. Serving the Supreme Court and judiciary of the State of Missouri, this division is responsible for developing and modifying applications. These positions provide an exciting opportunity for programmers with creative abilities and those who have a desire to work in a dynamic team environment.

Experience with relational databases, object oriented technologies and client-server application development in a Windows 2000 environment is preferred. A desire to learn new skills is a must. While this division uses technologies such as; XML, Java, Oracle PL/SQL and IBM's WebSphere Development Suite, experience with other programming languages are accepted in lieu of these.

Pay is commensurate with experience and the successful applicants will be brought in at the CIT I (\$37,572), CIT II (\$42,936) or CIT III (\$47,376) level. Minimum qualifications: Graduation from an accredited four-year college or university with at least fifteen (15) semester hours in the computing field. A combination of relevant education and experience may be substituted on a year-for-year basis.

Application form and copy of official transcript are both required. Application form can be downloaded at <http://www.courts.mo.gov/page.asp?id=3191> or may be requested via e-mail to oscahr@courts.mo.gov or by calling (573) 751-4377. Position is open until filled. Submit to Human Resources Office, P.O. Box 104480, Jefferson City, MO 65110. EOE
